Giving Opportunities

Baptist Health Foundation has three major areas for donors to connect their philanthropic goals to purpose – Compassionate Care, Comprehensive Care, and Committed Caregivers.

Compassionate Care - We need partners and donors who are committed to making our community healthier for all Arkansans, assisting those who are not able to afford needed care, supporting those walking through their life's final journey.

Comprehensive Care - We need partners and donors who invest in our extensive operations and care programs, the development of new centers and clinics in the area, the renovation of our facilities and medical centers, and new technology, equipment, and innovative health care procedures.

Committed Caregivers - We need partners and donors who strengthen our ability to cultivate and build a strong healthcare workforce for our state.

Find a purpose you are passionate about and help us give hope and healing to Arkansans.
